Who is the primary contact regarding this variance request?

Standard

Please identify the standard for which you are requesting a variance. If you are requesting a variance for more than one standard, complete a separate request for each standard. If a standard includes multiple components, clearly specify the components to which this variance request applies. If additional space is needed, please use the reverse side.

This image shows a full page of blank white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page, providing a template for writing or drawing. There are no margins, text, or other markings present.

Use the space below to address the reasons why the program is unable to meet the standard at this time and to describe the interim plan for meeting the intent of the standard while working toward full compliance with the standard. If additional space is needed, please use the reverse side. Attach additional documentation which you determine will help support this justification and/or helps describe your interim plan.
